The Gateway Today

Situation & rationale · from the Tourism Dept. concept note

WHERE WE STAND TODAY

WHY THE PROJECT IS NEEDED

Core idea — stitch the dispersed assets of the two districts into one legible, safe and marketed circuit — the **Gateway Circuit** — so a traveller who today passes through in a few hours instead stays for four days.

Vision & Objectives

“Discover Nagaland — The Gateway Circuit”

Position the twin districts as **Nagaland’s premier gateway tourism destination** — where heritage, culture and nature meet — and the anchor of the wider State circuit.

Tourism Potential

14 sectors · one destination · year-round demand

The circuit is deliberately multi-sectoral — a single destination serving many visitor motivations sustains year-round demand and smooths seasonality.

EXPECTED OUTCOMES

PHASED IMPLEMENTATION & FURTHER PLANNING

Further planning: prioritisation by the SLEC (chaired by the Chief Secretary) · funding convergence — PM-DevINE / NESIDS (DoNER), Swadesh Darshan 2.0, PRASHAD & allied schemes · PPP structuring · Tourism Master Plan & DPR · trained tourist-taxi (2W/4W) service and certified guides.
